

SEAWAY PIPELINE EXPANSION COMPLETED

Houston, Texas (January 11, 2013) – Seaway Crude Oil Pipeline Company LLC announced that service on the 500-mile, 30-inch diameter pipeline between Cushing, Oklahoma and the Gulf Coast resumed today, with approximately 400,000 barrels per day (“BPD”) of capacity now available to shippers. Service was suspended on January 2, 2013 so that the remaining pump station connections could be completed allowing capacity to be increased from approximately 150,000 BPD.

Seaway Crude Pipeline Company LLC is a 50/50 joint venture owned by affiliates of Enterprise Products Partners (NYSE: EPD) and Enbridge Inc. (NYSE/TSX: ENB). In addition to the pipeline that transports crude oil from Cushing to the Gulf Coast, the Seaway system is comprised of a terminal and distribution network originating in Texas City, Texas, which serves refineries locally and in the Houston area. The Seaway system also includes dock facilities at Freeport and Texas City. For additional information, please visit www.seawaypipeline.com.

This press release includes “forward-looking statements” as defined by the Securities and Exchange Commission and “forward-looking information” within the meaning of applicable Canadian securities legislation (collectively, “forward-looking statements”). All statements, other than statements of historical fact, included herein that address activities, events, developments or transactions that Enterprise and Enbridge expect, believe or anticipate will or may occur in the future, including anticipated benefits and other aspects of such activities, events, developments or transactions, are forward-looking statements. Although Enterprise and Enbridge believe that the forward-looking statements included herein are based on information and assumptions which are current, reasonable and complete, these statements are necessarily subject to a variety of risks and uncertainties, including required approvals by regulatory agencies, the possibility that the anticipated benefits from such activities, events, developments or transactions cannot be fully realized, the possibility that costs or difficulties related thereto will be greater than expected, the impact of competition and other risks and uncertainties included in the reports filed with the Securities and Exchange Commission by Enterprise and Enbridge, respectively, and in the filings made by Enbridge with Canadian securities regulatory authorities. While Enterprise and Enbridge make these forward-looking statements in good faith, should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may differ materially from those expected. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates. Except as required by law, neither Enterprise nor Enbridge intends to update or revise its forward-looking statements, whether as a result of new information, future events or otherwise.
